

DON'T MENTION THE WAR

Tony Blair and Michael Howard agree on one thing. They don't want you to think about the war in Iraq. They'd prefer you to forget the missing WMD, the 'link' between Saddam and Al-Qaeda, the tens of thousands dead and many more wounded. They certainly don't want to answer your questions about future military adventures in Iran or Syria. **Don't let them get away with it. Tell them:**

NO MORE IRAQS

Vote4Peace is an independent, cross-party campaign helping anti-war MPs and candidates. **We're focusing on marginal seats where just a few votes will make the difference.** The candidates we're supporting are mostly Labour or Liberal Democrat, with some from Plaid Cymru and SNP. All of them opposed the invasion of Iraq, and they will not dance to George Bush's tune in the next Parliament.

This time you **can** make a difference. Get involved. Make a donation. Help build a solid block of MPs who'll oppose unnecessary military adventures. **War or peace is still the vital issue.**
